

ICRTEG 2020 TOC

<i>Title page</i>	I
<i>Preface</i>	II
Geological Characteristics and Prospecting Orientation of the Au Polymetallic Ore in Amunik Area of Dulan County, Qinghai Province, China	1
<i>Ji Shangwen, Xiao Xiaoqiang, Yuan Kequan</i>	
Analysis of Geochemical Characteristics Prospecting Prospects of Nickel Polymetallic Ore in Langmuri Dulan County of Qinghai	7
<i>Liu Zhihua, Chen Jianlin, Zhang Dexiang, Li Yulu</i>	
Prospect Evaluation of the Ore Cluster I of Qunli Iron Mine in Golmud, Qinghai Province, China	13
<i>Ji Shangwen</i>	
Geological Characteristics and Ore-controlling Factors of the Yazigou East Au Polymetallic Deposit in Mangya Town, Qinghai Province, China	19
<i>Mi Xiaoming, Guan Bo, Zhang Zhiwei, Lai Sheng</i>	
Geological Characteristics and Genesis of the Womagou Au-Cu Deposit in Qinghai	25
<i>Chen Libiao, Chao Haide, Ren Wenkai</i>	
Two-Dimensional Dipon Forward Modeling of High-Power Induced Polarization Mid-Stair Geological Exploration	31
<i>Wang Liang, Zhang Shaodong, Lv Zhibin, Zhu Jiejun</i>	
Orebody Characteristics and Deposit Genesis Analysis of the Ore Cluster I of Qunli Iron Mine in Golmud, Qinghai Province, China	38
<i>Yuan Kequan, Liu Yongqiang, Ji Shangwen</i>	
Analysis and Research on Basic Model of Hydrogeological Parameters Based on Sensitivity Analysis	44
<i>Xiaodong Zhang, Xiaobo Yang, Kangnan Cheng, Xin Yue, Xixi Liu</i>	
Studies on the Utilization of the Riparian Zone of Three Gorges Reservoir in China: a Literature Review	50
<i>Guan Yuan</i>	
Research on Long-Term Mechanism of China's Environmental Governance	57
<i>Shangqin Zhou, Shengxi Guo</i>	

Research on Conservation and Development of Landscape Resources in Western Sichuan Forest Pan	65
<i>Wang Chao</i>	
Study on the Migration and Transformation Law of Arsenic in Groundwater, Soil and Other Multi-Media	71
<i>Jun Hou</i>	
Research on Water Conservancy Project Based on Environmental Protection Concept	76
<i>Jinlong Kang</i>
